

# Capasal™ Herbal Shampoo

## A natural, conditioning shampoo

- Effectively treats dandruff
- Soothes itchy scalps

Capasal Herbal Shampoo is a natural, conditioning shampoo which effectively treats dandruff and soothes dry, itchy scalps. This cosmetic treatment helps clear dandruff leaving the scalp feeling cleansed and refreshed, whilst giving body to the hair. Capasal Herbal Shampoo is a cosmetic product.

Coconut oil is a natural moisturiser which soothes dry, itchy scalps and conditions the hair.

Tea tree oil, derived from the leaves of melaleuca alternifolia, is a natural antimicrobial.

Capasal Herbal Shampoo has a pleasant herbal fragrance.

Suitable for all hair types. Capasal Herbal Shampoo is available in a 100ml bottle.

**Directions for use:** Use as a shampoo, daily if necessary. Wet hair thoroughly. Massage a small amount (5- 10ml) of the shampoo into the scalp, leaving on for a few minutes before washing out. Repeat, producing a rich lather. Rinse hair well and dry.

**Contra-indications, warnings, side-effects etc:** Do not use if you are sensitive to any of the ingredients or if irritation occurs. Avoid contact with the eyes. If it occurs, flush thoroughly with warm water. If irritation persists, seek medical advice. Keep out of reach and sight of children.  
FOR EXTERNAL USE ONLY.
